

Sappi Fine Paper North America

Stock Book

This Stock List contains information that is accurate at the time of publication (indicated by effective dates on each page), and is subject to change. Please consult your customer service representative or visit Sappi.com/na.

Product Overview

	GRADE	FINISH	SHADE
Premium	McCoy	Gloss, Silk, Matte	Ultra bright blue white
Performance	Opus	Gloss, Dull, Matte, Satin ²	Blue white
	Somerset	Gloss, ² Matte, ² Satin ²	Blue white
Global	Galerie Fine	Gloss ²	Blue white
	Galerie Silk	Silk ²	Blue white
	Galerie Brite	Gloss ²	Blue white
	Galerie Lite	Gloss ²	Blue white
	Galerie Art	Gloss, ⁸ Silk ⁸	Blue white
	HannoArt	Gloss, ⁸ Silk ⁸	Blue white
	Magno	Gloss (Star), ⁸ Dull ⁸	Blue white
	EuroArt Plus	Gloss, ⁸ Dull ⁸	Blue white
Economy	Flo	Gloss, Dull, ⁸ Matte	Blue white

Products are not available in all finishes and basis weights. All values listed are approximate. All grades are acid-free, elemental chlorine free, and archival. Grades are run to weight and finish; caliper is an approximation and cannot be guaranteed except where indicated. All grades listed are available in sheet and web rolls, except where noted. Please consult with your Sappi sales or customer service representative for complete stocking and availability information.

¹ C = Cartons. S = Skids. R = Rolls. P = Packages.

² Available in web rolls only.

³ Opus sheets and Opus PS sheets are standard with 10% PCW. Opus web and Opus PS web are available with 10% PCW upon request.

⁴ Opus 30 sheets and web contain 30% PCW. Opus 30 120lb cover weights contain a minimum of 20% PCW.

⁵ Opus sheets, Flo sheets, and Opus web with 30% PCW are Green-e® certified.

PUT UP ¹	PCW	CERTIFICATION	BRIGHTNESS

**As a leader in the global
fine paper market,
Sappi Fine Paper North
America's focus on
responsible sustainable
operations is at work
each and every day.**

On-Product Labels

Sappi Limited, our global parent, adopted a group-wide environmental policy in 1999 and we established one of the first ever sustainability charters in our industry in 2005. Each of our North American coated fine paper mills is triple Chain of Custody certified (FSC®, SFI®, PEFC®) and our wood procurement system is certified to SFI's Fiber Sourcing standard. We recognize that a commitment to sustainability is a commitment to continuous improvement; our goals include improving our already efficient operations by reducing water use, energy use, and landfilling.

To help you navigate through the maze of sustainability, we've included a chart on the following page that provides details on which environmental logos are available for inclusion on your Sappi print projects. For further assistance please consult with your Sappi sales representative, or call 800.882.4332.

Follow these steps when using the FSC®, SFI® or PEFC® on-product labels

- 1 Work with your Sappi representative, certified merchant or certified printer to specify FSC®, SFI® or PEFC® certified paper.
- 2 Contact your printer upon final specification of your paper order to begin the process of approval for use of the on-product labels.

Your printer is the last link in the chain and therefore must also be Chain of Custody certified in order for you to use the FSC®, SFI® or PEFC® labels. Your printer will coordinate the submission of your print project for approval to use the labels and will provide the high-resolution artwork to be used on the print project.

Cloquet Mill, Cloquet, Minnesota

PREMIUM

When you want to be seen as a true leader, no other paper will make you look as good as **McCoy**. Infused with premium ingredients and backed by Sappi quality assurances, McCoy is the paper all others are judged by. Nothing else compares.

Why McCoy?

1

Proprietary Silk Finish

A one-of-a-kind finish for those who want the ultimate tactile and print experience.

2

Premium Ingredients

Better print uniformity and surface promotes clarity, detail and intense color.

3

Side to Side Consistency

The most consistent printing surfaces available, so it prints easier and looks more uniform side to side.

4

Environmentally Responsible

Boasting 10% Post Consumer Waste, FSC and SFI® Chain of Custody and SFI® Fiber Sourcing certifications. 100% of the electricity used to manufacture McCoy was generated with Green-e certified renewable energy.

5

Enhanced Optics

Engineered to deliver optimal contrast and vivid color.

6

Fade Resistance

Unique coating formulation ensures lasting whiteness and image integrity.

7

A Wide Range of Basis Weights

An expansive range of basis weights offered—including 80 to 100lb text as well as cover weights up to 130lb.

PERFORMANCE

Opus is the do-it-all paper. Built print shop tough to offer the ultimate versatility and productivity. With a broad range of paper weights and engineered for pressroom efficiency, Opus serves as the one-stop solution for an expansive range of high quality printing needs.

Why Opus?

1

Heft and Stiffness

Delivering a higher quality feel than any competitive grade at the same basis weight combined with the ability to handle tough pressroom conditions.

2

Accurate Color Matching

Optically engineered to reproduce more colors, making it easier to match press sheets to color proofs.

3

Environmentally Responsible

Opus sheets are available with 10% and 30% PCW; web is available with 10% or 30% by request. FSC and SFI® Chain of Custody and SFI® Fiber Sourcing certifications. 100% of the electricity used to manufacture Opus sheets is Green-e certified renewable energy.

4

Versatility

Hosting the broadest range of paper weights, finishes and postal caliper guarantees of any Sappi paper making it a one-brand solution to handle most print projects.

5

Efficiency

Available in press ready mini skids—to minimize handling, facilitate storage and limit press downtime.

6

Availability

Supported by merchants across the country and Sappi's regional distribution centers.

General Product Specifications

Finishes	Gloss, Dull, Matte, Satin
Put Up	Cartons, Skids, Rolls
Shade	Blue white
L*a*b* Paper White	95.20, 1.00, -4.00
PCW Content Digital	10%
PCW Content Sheet	10% standard, 30% standard in Opus 30
PCW Content Web	10% available upon request, 30% standard in Opus 30
Certifications	FSC®, SFI®, Green-e®

PERFORMANCE

Somerset is the premier high volume paper with renowned ink gloss for dynamic and vibrant imagery. Designed for optimal web strength and superior heft and stiffness, it's no surprise that it's the paper publications know and trust.

Why Somerset?

1

Web Strength

Proprietary finish designed to ensure fewer web breaks, less basis weight variation and minimal complaints per thousand tons.

2

Heft and Stiffness

Delivering a higher quality feel than any competitive grade at the same basis weight—the feel of an extra ten pounds without the cost.

3

Environmentally Responsible

Boasting SFI® Chain of Custody and Fiber Sourcing certifications. Manufactured with wood from well-managed forests and Sappi-generated renewable energy.

4

Exceptional Ink Gloss

Best-in-the-business ink gloss holds inks on the surface for more dynamic and vibrant images.

5

Clean Run

Proprietary coating and calendering minimizes picking and piling, resulting in fewer wash-ups.

6

Flexibility

Three papermaking machines—all capable of producing a high volume of multiple weights and finishes—under one roof. No one else can match this back-up assurance.

GLOBAL

Galerie Art's outstanding brightness, smoothness and whiteness help to create maximum contrast between the paper surface and printed ink gloss. A long-standing favorite in Europe due to its renowned fidelity, excellent folding ability and runnability. Galerie Art is a cost-effective solution for projects where high quality is essential.

Galerie Art is available through select merchants.
Contact your Sappi sales representative for more information.

Why Galerie Art?

1

Superior Surface

Galerie Art is uniquely engineered to achieve a high brightness, a crisp clean blue white shade and exceptionally smooth surface—that means razor-sharp imagery and colors that pop.

2

Wide Range of Basis Weights

Galerie Art offers a wide range of basis weights including 70 to 120lb text and cover weights up to 120lb. Galerie Art.XP is a guaranteed digital offering that is ideal for short-run, multi-platform applications ensuring consistency between offset and digital sheets.

3

Environmentally Responsible

Galerie Art boasts FSC and SFI® Chain of Custody certification. In addition, Galerie Art contains 10% PCW. Galerie Art.XP is certified under the PEFC Chain of Custody system, which also verifies fiber procurement from responsibly managed forests.

GLOBAL

A unique triple-coating process gives **HannoArt** a notably smooth, uniform surface. Its even ink lay holds crisp details in addition to rich, dense solids, on an inviting blue-white shade. It's the paper with the quality you seek, at the right price.

HannoArt is available through select merchants.
Contact your Sappi sales representative for more information.

Why HannoArt?

1

Exceptional Silk Finish

Elegant silk finish provides a superior tactile experience.

2

Superior Surface Smoothness

A unique triple-coated surface produces an exceptionally even ink lay—enabling spectacular image fidelity and print depth.

3

Broad Basis Weight Range

A broad range of sheet fed grades enables HannoArt to handle a variety of print projects.

GLOBAL

Magno has a unique triple-coated surface with eye-catching optics that provide spectacular image fidelity and print depth. In addition to holding a reputation for standardized performance worldwide, Magno provides superior quality and global availability — all at the right price.

Magno is available through select merchants.
Contact your Sappi sales representative for more information.

Why Magno?

1

Global Availability

Supported by the power of Sappi's global distribution network, a shorter lead-time delivery is available to nearly all parts of the globe.

2

Superior Surface Smoothness

A unique triple-coated surface produces an exceptionally even ink lay—enabling spectacular image fidelity and print depth.

3

Broad Basis Weight Range

A broad range of sheet fed grades enables Magno to handle a variety of print projects.

ECONOMY

Flo is the dependable economy paper that helps you stretch your budget without compromising quality or environmental responsibility. Backed by Sappi's domestic supply chain and trusted technical support, Flo delivers the integrity and strength needed to consistently handle the job—all at an economy price.

Why Flo?

1

Work Flo

The integrity and strength needed to consistently handle the job.

2

Supply Flo

Backed by domestic supply chain support, minimizing lead-time.

3

Press Flo

Industry standard print quality that is backed by trusted technical support.

4

Cash Flo

Lean cost structure provides an avenue to generate cost savings.

5

Environmentally Responsible

Boasting 10% PCW, FSC and SFI® Chain of Custody and SFI® Fiber Sourcing certifications. 100% of the electricity used to manufacture Flo sheets is generated using Green-e certified renewable energy.

Choosing the right paper

PREMIUM

McCoy

The best-of-the-best: McCoy boasts a remarkably rich tactile feel that can capture fine details, cool and crisp blue tones, and provide unparalleled readability and clarity.

PERFORMANCE

Opus

The do-it-all paper: Opus offers the kind of print quality, heft, stiffness and environmental responsibility that makes it the go-to paper for most jobs.

Somerset

Engineered for the long run: For high volume jobs, Somerset is the answer, with legendary stiffness and a superior surface for printing vivid colors.

Flo

Dependable economy paper: Flo offers uncommon print quality with the heft and substance to handle demanding jobs.

GLOBAL

Galerie Publishing Papers

A collection of papers ideally suited for magazines and catalogs, inspiring publishers to choose the perfect paper for every job. Brands include Galerie Fine, Galerie Silk, Galerie Brite and Galerie Lite.

Galerie Art

Imagery at its best: Uniquely engineered sheet offering high brightness and exceptionally smooth surface for superior reproduction of razor-sharp images and colors. Available in offset and digital for short-run, multi-platform solutions.

HannoArt

Right quality. Right price: Thanks to a unique triple coating process, HannoArt possesses a smooth, uniform surface that can hold crisp details and provide rich, dense solids.

EuroArt Plus

Great bulk. Great value. Engineered for good printability and runnability, this sheet features exceptional bulk, stiffness and opacity.
